

RBH RAYMOND BROWN HAULAGE LTD

UK & EUROPEAN HAULAGE CONTRACTOR
AND EVENT TRANSPORTATION

www.raymondbrownhaulage.co.uk

ABOUT US

Raymond Brown Haulage Ltd was established in March 2013 by company Director Nick Raymond Brown.

The business operates as an independent haulage contractor from its two operating centres in Kenilworth and Coventry, specialising in General Haulage, Event and Audio & Visual transportation. RBH Ltd prides itself on offering a high quality of service and we would welcome the opportunity to discuss your transportation requirements with you.

General Haulage

Our curtain sided trailers are tri-axle configuration with internal heights of 2.6 – 2.7-metres for use on general haulage work.

Traction Only

RBH Ltd is also willing to provide traction only services so should you have your own trailer fleet then please do not hesitate to contact us for a quote.

European Coverage

As a company we do hold an International Heavy Goods Vehicle Operators Licence, and therefore we are looking to develop this side of the business.

Event, Audio & Visual Transportation

We are able to provide Event Transportation using our step frame box trailers that carry single stage rest on ramps for loading audio & visual equipment in road trunk cases and move set & stage on our curtain sided trailers if required.
